**Baylor University Golden Wave Band to Revive Past Tradition**

BUGWB, or Baylor University Golden Wave Band, has announced the revival of the annual Spring Picnic this coming spring semester of 2019. This tradition was a yearly focal point for the ensemble to gather as a fellowship and recall memories made over the past year. This has been described by BUGWB leadership as “an integral key to maintaining a high retention rate year to year.”

The tradition was dropped several years ago by the organization’s executive student council due to the lack of funding available for extra activities. Thankfully donors were able to help raise the funding to the marching band and allow for this institutional centerpiece to return.

The event is planned to return on March 17<sup>th</sup> at 3:00 pm at Edge Field, found directly across Bagby Ave. from the Baylor Sciences Building.
